Learning Matters has been committed, to quality education, since its inception in 2005. We are pioneers in establishing a truly play based early childhood program founded on evidence based research in child development.

This **60 hours online course** has been co created by experienced Early Childhood Educators from Finland and India. The contents of the course will equip participants with research based practical know how on how to maximize childhood experiences for optimal growth and development.

## BENEFITS OF THIS COURSE FOR YOU

- Learn from International professionals in the early childhood field.
- Participate in an informed research based course.
- Be informed on current global best practices in early childhood.
- Be aligned to NEP continuous professional development requirements.
- Earn an International certificate.
- Make an impact in the lives of children and contribute to nation building.

## SNEAK PEAK ON WHAT YOU CAN EXPECT TO LEARN

- The importance of brain development in the early years.
- The research on how young children develop and learn.
- The role of play for holistic development in the early years.
- How to observe and document children's learning.
- Creating an environment for optimal learning.
- Learn about and support emergent language and literacy in the early years.
- How to be an effective adult and have fun with children!

This course will be aligned to the new NEP, ECCE and National Curriculum Framework and help you to meet the requirements in Early Childhood Care and Education.
